

Roll-o-Grip® – as flexible as it is durable.

Environmentally friendly and durable; Roll-o-Grip® has it all. The natural flexibility of these durable mats enable them to support very high stresses. By that means you can be certain of many years of effortlessly gliding on the highly transparent mats while protecting the flooring material.

The advantages:

- 3 year warranty against breakage
- Made of high-quality Makrolon® – 100% recyclable
- Label of environmental protection »Blauer Engel«
- Transparent and neutral color plastic sheet
- PVC-free and odorless, free of toxic chemicals
- Minimal gliding resistance for caster chairs
- Meets or exceeds DIN EN 425 for caster chairs
- Robust and durable
- High scratch resistance
- Noise dampening
- Compatible with floor heating systems
- Ideal for people with allergies

RS Office Products

Roll-o-Grip (●)®

made of
makrolon®
High-tech plastic from Bayer

The strong environmental concept: highly flexible and fully recyclable.

Roll-o-Grip® floormats introduce a true technical innovation that supports the environment as well as the user. These highly flexible mats can be further recycled. They exemplify how a product can intelligently address the recycling circle to alleviate any environmental burden. Simultaneously natural resources are preserved in the production process which then results in an inexpensive product.

Naturally, Roll-o-Grip® mats are completely odorless and non outgassing because they contain no PVC or vinyl. On our cristal-clear mats you can also, without any hesitation, watch your children safely frolic upon them.

Roll-o-Grip® with anchor grips

For softer flooring such as carpet, we recommend this type of mat since thousand of small anchor grips keep your mat in place without damaging the flooring material.

Roll-o-Grip® with antiglide layer

For quality floor mats it is not only the top surface but also the bottom that plays an important role. The bottom surface must ensure that your mat stays where you want it. Our proven proprietary VAB® layer guarantees that Roll-o-Grip® mats remain in place on hard flooring such as parquet, tile or stone without any sticky glue residues.
